NOTES:
(a) Minimum area requirements for all zones may be affected by other township codes and ordinances such as the Floodplain Ordinance and the slope modification factors of § 217-38.
(b) Side and rear yard requirements may be reduced to 10 feet where a lot abuts a state highway.
(c) None. If residences are included as part of any C-1 commercial use, the side yards required under the R-20 Zone shall be maintained.
(d) Exclusive of residences.
(e) See § 217-34C for FAR bonus increase for decreases in improved lot coverage.
(f) See § 217-33C(1) for setback provision pertaining to corner lots.
(g) Percent of lot width.
(h) See $\S \S 217-39,175-34 \mathrm{~B}(3)$ and $175-34 \mathrm{C}(8)$ for area, yard and building requirements for lots created after the effective date of this footnote where connection to both a public sanitary sewer system and public water are not proposed.
(i) The average lot size is not less than 10,000 square feet. The minimum lot size for an interior lot is 8,000 square feet, and the minimum lot size for a corner lot is 10,000 square feet. The minimum lot depth is 100 feet
(j) Required setbacks shall equal 1 foot for every 100 square feet of floor area in a building, provided that no building shall be closer than 300 feet from any property line, except that lightning shelters and rest room facilities shall be located no closer than 100 feet to any property line.
(k) Includes floor area of basement of clubhouse and related facilities.
(l) Area and yard requirements specified throughout Chapter 217 shall apply to principal and accessory structures and buildings. The extent of permitted development shall be calculated according to resource conservation calculations, as provided in Chapter 217, Article V, Supplementary Lot, Height and Yard Regulations, § 217-39.1.
(m) If the provision of affordable housing in accordance with the New Jersey Council on Affordable Housing affordability guidelines and procedures is proposed, the applicant may be granted an increase in the maximum coverage from $60 \%$ to $65 \%$ and an increase in the maximum permitted floor area ratio (FAR) from . 15 to .2 , upon a showing, to the reasonable satisfaction of the Board, that such increase can be accommodated on the site.
(n) Compliance with Chapter 170 is required for improved lot coverage in excess of $15 \%$, subject to approval by the Township Engineer.
${ }^{1}$ See § 217-37 for flag lot area and setbacks.
${ }^{2}$ See § 217-61 for PUD uses and § 217-70 for R-MDU uses.
